

Supply List for Counter-Relief Soap (Regular Category):

Please note that it will be possible to create this soap without any added supplies if you wish, so don't let the cost of supplies deter you from participating!! These are ALL optional:

1. Clay (500g or 17.6 oz) Pottery clay is recommended. Check your local hobby store first, then check online. It is difficult to find less than 5 lb pottery clay online:
